

### **POSITION SPECIFICATION: Quality Engineer**

We are seeking a Quality Engineer to join our team. Position responsibilities include:

- Perform functions necessary to the development, implementation, and maintenance of Allied Moulded's quality system.
- Lead quality events targeting product and process improvements.
- Ability to innovate and bring forward creative ideas.
- Working knowledge of UL, CSA, NEMA and NEC beneficial.
- Excellent communication skills, technical skills, writing skills and the ability to work under minimal supervision, with wide latitude for independent judgment, in a high demand fast paced environment round out the characteristics of the individual we desire.

Qualified candidates should have a four-year degree in Quality Engineering or two-year degree in a related Engineering discipline and equivalent experience. ASQ certification a plus.

The Allied Moulded Products, Inc. employee benefit options include medical insurance with vision coverage, dental, life insurance, and a disability and flexible spending account. You choose the benefits that best suit your individual needs. In addition, we offer a 401(k) plan with a company match, tuition assistance, vacation, holidays, and employee assistance.

Please submit your resume including salary history to Allied Moulded Products, Inc., 222 North Union Street, Bryan, OH 43506; apply in person at 222 North Union Street, Bryan, Ohio; or email us at [hr@alliedmoulded.com](mailto:hr@alliedmoulded.com). Allied Moulded Products, Inc. is an equal opportunity employer.
