

Heavy-Duty Fan Support

Nonmetallic Fan Support Boxes with Bar Hangers

P/N 9369-FRBKB

Allied Moulded manufactures nonmetallic fan support boxes to address many applications. The latest addition to this extensive product line is the bar-mounted, higher rating fan support box, part number 9369-FRBKB. This ceiling fixture/fan support box is rated for use in both 16" & 24" span ceiling joist applications and meets both UL® deflection and 2011 National Electrical Code (Section 314.27) requirements. The adjustable bar is for new work installations.

New!
9369-FRBKB
 70 lb. Fan-Rated
 Box w/Bar

PRODUCT FEATURES

- 4" diameter, 16 cubic inch box mounted on Allied Moulded's heavy-duty fan bar
- Higher ratings including 70 lb. fan and 125 lb. fixture rating
- Paddle fan bracket and fixture straps mount on bolt-and-bracket system

Fan/Fixture Support

In addition to the new heavy-duty bar mount, ceiling fixture/fan support box, Allied Moulded also offers several "open saddle" 4" round, high rating joist and side/direct mount fan support boxes. The fiberglassBOX™ series (P/N's 9370-FR and 9371-FRV) offers premium hard box characteristics, delivering quality and value to your residential building project.

The thermoplastic P/N's 9373-FR and 9375-FR offer strength while being light-weight, and have ample room for housing wire.

Allied Moulded's SLIDERBOX® high rating fan support box (P/N SB-CBFR) provides an easy solution to both new and old work applications, and provides a faster alternative during installation. With SLIDERBOX, there's no need to remove or relocate mounting screws to reposition the box.

PRODUCT FEATURES

- Can be used for new and old work applications
- Heavy duty 70 lb. fan and *110 lb. fixture rating (*SLIDERBOX® fan box has a 90 lb. fixture rating)
- Engineering grade thermoset or thermoplastic construction for rigid design and superior heat resistance
- UL® listed 2-hour fire resistive rating for walls and ceilings
- Includes mounting screws for easy joist installation and for easy installation of fan or fixture to the joist
